Ok. I will ask Matt to set that up.

I think it's possible but don't know just yet. I think Skype meeting link would be a good option to have.

I have not seen the email from Rob so I would appreciate if you could share.

Regarding logistics, there is a conference line. I can ask Matt about setting up virtual connection. Is the office closing on Monday?

Patty

Thanks Patty. The agenda looks good but I also want to get Chris' input on the email from Rob to me/Jill. I will forward to you if you have not seen it.

Also, I'm not sure we'll be meeting in person so I want to make sure we can all connect virtually. Can Matt help arrange that?

Subject: Pebble - RA update briefing on Monday

Hi Andrew:

Jill and I discussed the meeting with Chris on Monday and came up with a draft agenda for your consideration. Our understanding of the purpose is below. I think we could also use the opportunity to give him a quick update on the NEPA & 404 meetings.

Below is a recommended purpose and agenda.

Purpose: Discuss HQ input on PFEIS comments and strategy for finalizing comments which are due to the Corps on March 23

Agenda

- Input from HQ on PFEIS comments
- Potential PFEIS showstopper issues
- Strategy & schedule for finalizing PFEIS comments & possible email transmitting comments that identifies key concerns
- Update on NEPA technical meetings
- Update on 404 meetings

Please let me know if you would like me to send this agenda to Chris. Also make whatever changes are needed. At this time we do not have materials to share as we have not yet received written comments from HQ. I will be in the office by 7:30 am on Monday and would be happy to talk before the briefing if needed.

Best-
Patty
